THE THOMPSON PRESS

THE OFFICIAL COMPANY NEWSLETTER OF THOMPSON ENGINEERING

MESSAGE FROM THE CEO

RICK SABA

As the CEO of Thompson Engineering, I am incredibly excited to announce a significant milestone in our journey to serve our clients better. The launch of our Electrical Engineering Division marks a new era for our company—one that reflects our unwavering commitment to innovation, integration, and excellence. This expansion is not just about adding another service; it's about providing our clients with a seamless experience, where all your engineering needs are met by one trusted partner.

This development is deeply personal to me because it embodies the vision we've always had: to be a comprehensive solution for our clients, simplifying your projects while ensuring the highest standards of quality. Looking ahead, I'm thrilled about the opportunities this brings to collaborate with you more closely and contribute to your success in even more impactful ways.

Thank you for your trust and partnership. We look forward to continuing to grow together.

Warm regards,
Rick Saba, P.E.

WHAT'S INSIDE THIS ISSUE:

COUNTDOWN TO ELECTRICAL

LAUNCHING OUR ELECTRICAL ENGINEERING DIVISION

WRITTEN BY AMBER SABA

We are thrilled to share some exciting news from Thompson Engineering! As part of our commitment to providing you with the highest level of service, we are proud to announce the launch of our new Electrical Engineering Division. This expansion allows us to offer a full suite of mechanical, plumbing, and electrical engineering services—all under one roof.

Leading this new division is Charlie Basil, a seasoned Master Electrician and Professional Engineer (PE) with more than 10 years of experience. He brings a wealth of knowledge and a proven track record of delivering innovative, reliable, and energy-efficient electrical designs.

This expansion reflects our dedication to streamlining your projects and simplifying your experience by providing seamless coordination across all major engineering disciplines. Whether you're embarking on a new construction project or upgrading existing systems, our integrated approach ensures efficiency, precision, and exceptional results.

We're excited to partner with you in this new chapter and look forward to continuing to support your projects with the same excellence and reliability you've come to expect from us.

If you have any questions about our new electrical division or would like to discuss how we can support your next project, please don't hesitate to reach out to us at 720.991.0991

Thank you for your continued trust in Thompson Engineering. Here's to building a brighter future together!

MEET CHARLIE BASIL

We are delighted to welcome Charlie Basil to the Thompson Engineering team as the head of our new Electrical Engineering Division.

With a deep passion for innovation and over 10 years of experience, Charlie has been instrumental in designing and managing cutting-edge electrical systems for a wide range of industries, including commercial, industrial, healthcare and more.

He is not only a Master Electrician but also a licensed Professional Engineer bringing a unique combination of hands-on expertise and technical excellence to every project. Known for his collaborative approach and ability to solve complex challenges, Charlie embodies the values and vision of our company.

Fun fact: Charlie is a proud parent of two boys who are Irish twins. As a family, they love spending time outdoors, especially camping and fishing. Charlie also enjoys coaching their baseball team, making sports a big part of their family life.

We are excited to have Charlie Basil lead this new chapter for Thompson Engineering, and we're confident his leadership will bring immense value to our clients.

"Innovation begins with integration. By uniting mechanical, plumbing, and now electrical engineering under one roof, we're not just building systems—we're building seamless solutions for our clients." - Rick Saba
